AMP 10

AMP 10 16-Channel Home Theater Amplifier

Reference 16-channel 200-watt-per-channel amplifier. Pair with AV 10 to create an elite-level home theater. Marantz HDAM, Class D amplification, and balanced line-level inputs.

- Detailed and immersive sound transforms your listening room

- Beautiful design matches rich, warm sound

- 200 watts per channel into 8Ω, 400 watts per channel into 4Ω

- 16 channels powers even the largest home theaters

- Bi-amp mode drives high and low frequency sections of loudspeakers with separate amps

- Bridge mode combines two channels into a single 400-watt channel

- Perfect match for Marantz AV 10 processor

- Balanced XLR input is ideal for reducing input noise

- Stunning analog meter measures output

- Soft side lights cast a warm glow on the front surface of the amplifier

The Most Musical Sound
